

trillipse

Trillipse has become the chair of choice for many organisations - for dining, for training, for seminars, conference, board rooms, visitor and breakout areas. Trillipse has the broadest possible appeal - particularly where multiple seating is required. Trillipse accessories include a retractable linking facility that will prevent chairs from being scattered during an alarm to vacate an area.

Standard Features

- Trilliptical tube finished in either black or silver epoxy powder coating
- Heavily sculptured upholstered seat with moulded under seat cover
- Available with or without moulded armrests
- The ergonomically shaped backrest is available with and without upholstery
- When not upholstered the back is available in black, light grey or dark grey
- Armed versions are also available in black, light grey or dark grey

Optional Extras

- Polished chrome frame
- Retractable linking facility
- Reversible wire basket
- Writing tablet
- Laminated wooden arm
- Mobile trolley
- The back shell is available in translucent orange, blue or green
