

enigma

Today's high tech offices demand complementary seating with maximum adjustability to support the intensive work process. Enigma comfortably fits the bill with its highly responsive synchro tilt finely tuned to match the users body size and weight.

From work intensive to relaxation postures Enigma keeps the body comfortable and properly supported. An optional adjustable headrest and foot stool are available to enable Enigma to 'cross over' into the home environment.

Standard Features

- High lift black GRP base with 65mm castors
- Advanced synchronised seat and backrest mechanism with a ratio of 1:2.6 - lockable in various positions and fitted with 'anti-kick' brake
