

freeflex executive

Freeflex Executive seating features beautifully tailored soft upholstery with an oversewn edge, contained within anatomically shaped shells for the ultimate in comfort and support.

A special version with a laminated 'S' shape frame for conference or side chair use is also available in various finishes.

Standard Features

- Black epoxy coated aluminium base on swivel models
- Black finish to all components (RAL 9011)
- Synchronised mechanism allows the seat and back to move smoothly together in a set ratio. The seat and backrest may be locked or left freefloating
- Laminated beech frames in clear beech
- Upholstered armpads on arm versions except F1623A
- Tension mechanism adjusts chair to suit user's weight

Optional Extras

- Laminated beech frames in maple, natural cherry and dark cherry finishes
- Silver painted aluminium base
- Polished aluminium base
- Chrome plated cantilever frame
- Gas seat height adjustment

freeflex manager

Freeflex Plus Manager chairs have the same corporate appeal as the Freeflex Plus Task range but with their own fine details and distinctive look.

Contoured seat and backrest shells provide correct anatomical comfort and support. A laminated beech 'S' shape type frame for conference or visitor use is available in various finishes.

Standard Features

- Black nylon moulded base on swivel models
- Black finish to all components (RAL 9011)
- Standard tilt mechanism, which may be locked in the upright position
- Laminated beech frames available in clear beech
- Tension mechanism adjusts chair to suit user's weight
- Gas seat height adjustment

Optional Extras

- Silver painted aluminium base on swivel models
- Polished aluminium base on swivel models
- Chrome frames on cantilever models
- Synchronised mechanism allows the seat and back to move smoothly together in a set ratio. The seat and backrest may be locked or left freefloating
- Upholstered arm pads
- Laminated beech frames available in maple, natural cherry and dark cherry finishes
