

# task ergonomic

The specification of the Task Ergonomic range exceeds all the recognised standards and recommendations for workstation chairs offering unbeatable levels of user adjustments. There is a choice of three backrest sizes and two seat widths. Swivel chairs incorporate a fully synchronised seat and backrest movement, which can be finely tuned to the users weight and locked into a range of positions for firm support.

## Standard Features

- Black nylon moulded base on swivel models
- Black finish to all components (RAL 9011)
- Synchronised mechanism allows the seat and back to move smoothly together in a set ratio. The seat and backrest may be locked or left freefloating
- Independently operated backrest height adjustment from the seated position

- Tension mechanism adjusts chair to suit user's weight
- Pneumatic seat height adjustment.

## Optional Extras

- Silver painted aluminium base
- Polished aluminium base
- Chrome plated aluminium cantilever frame
- Seat depth adjustment
